

Carbon Reduction Policy

Our commitment to you...

Integrity Mobility Solutions Ltd. strives to be acknowledged as a quality, industry leader in the manufacturer & distribution of medical devices. We provide innovative solutions and services to meet the needs of our customers in line with the principles of sustainable development, responsible care and quality products.

Policy Statement

At Integrity Mobility Solutions Ltd. we are committed to reducing our carbon footprint and minimising our impact on the environment. We recognise our responsibility to operate sustainably and are dedicated to continuous improvement in our environmental performance.

Our Commitment

Energy Efficiency

We aim to reduce energy consumption through the implementation of energy-efficient technologies and practices. This includes upgrading to energy-efficient lighting, optimising heating and cooling systems, and improving insulation.

Renewable Energy

We are committed to increasing the use of renewable energy sources in our operations. This includes investing in solar panels, wind energy, and other renewable energy technologies.

Sustainable Manufacturing Practices

We strive to minimise waste and reduce emissions through sustainable manufacturing practices. This includes optimising production processes, reducing material waste, and implementing recycling programs.

Green Transportation

We promote the use of green transportation options for our employees and in our supply chain. This includes encouraging carpooling, using electric vehicles, and optimising logistics to reduce transportation-related emissions.

Supplier Collaboration

We work closely with our suppliers to ensure they share our commitment to reducing carbon emissions. This includes setting environmental standards for our suppliers and promoting the use of sustainable materials.

Monitoring and Reporting

We continuously monitor our carbon footprint and regularly report on our progress towards our carbon reduction goals. This includes tracking energy consumption, emissions, and the effectiveness of our reduction initiatives.

Regulatory Compliance

We comply with all relevant environmental regulations and standards, including those related to carbon emissions. We stay informed about changes in legislation and strive to exceed regulatory requirements.

Review and Monitoring

We will regularly review and update this policy to ensure it remains effective and relevant to our business activities. This policy is reviewed on an annual basis & is made available upon request.

By adhering to this policy, Integrity Mobility Solutions Ltd. aims to contribute to a sustainable future and reduce our impact on the environment.
